

2006 State Humanities Councils' Grants to Museums

The statistics and data included in this packet detail and analyze grants made to museums by 15 selected state humanities councils. Information is organized by both state (Arizona, Hawai'i, Maine, Michigan, Mississippi, Missouri, Nebraska, North Dakota, Ohio, Pennsylvania, South Carolina, Texas, Utah, Washington, Virginia) and the project type (care of collections, exhibit support, materials, professional development, public programming).

Pages 1-24 list all grants made by the 15 state councils to museums. This information is organized by state in alphabetical order (Arizona to Virginia). Page 25 contains aggregate data and statistics drawn from the preceding data sheets, including total funding and total number of grants to museums by state; total number of grantee museums (different museums receiving grants); average funding per project by state; and average funding per museum by state. Pages 26-31 contain visual illustrations of these data and statistics.

Pages 32-46 lists all grants according to type. Grants that fall into more than one type category are listed in each appropriate category with the total grant amount split evenly between the listings. (For example, a project receiving \$5,000 that contains elements of both exhibit support and public programming would be listed separately under both types with each listing having a grant amount of \$2,500.) Page 47 contains aggregate data and statistics drawn from the preceding data sheets, including total funding and total number of grants by type; and average funding per project by type. Pages 48-52 contain visual illustrations of these data and statistics.

Pages Contents

1-24	Listing of Grants by state
25	Aggregate data by state
26	(pie chart) Percentages of Total Funding by State
27	(bar chart) Count of projects by state
28	(bar) Average grant per project by state
29	(bar) Total funding by state
30	(pie) Percentages of total grantees by state
31	(bar) Average funding per grantee by state
32-46	Listing of Grants by type
47	Aggregate statistics by grant type
48	(bar) Total grant funding by project type
49	(bar) Total number of projects by type
50	(bar) Average grant funding per project by type
51	(pie) Percentages of projects by type
